

Keep Trying

Keep trying, you'll get better.

When you can't do something new,
Keep trying and trying 'til it works for you,
Before you know it, I think you'll find,
Practice makes you better all the time.

Try, try, try, try, try it again.
Try, try, try, try, try it again.

Keep trying, you'll get better. Try, try, try.

When you're trying to do a brand new thing,
Don't give up if it's not working.
It'll get easier every time you try,
Practice makes you better all the time.

Try, try, try, try, try it again.
Try, try, try, try, try it again.

Keep trying you'll get better. Try, try, try.
Keep trying you'll get better. Try, try, try.
