

## Playing Together

*Find a way to play together.*

When we want to play in our own special way,  
We sometimes forget about our friends.  
If we want to play house,  
Be a dinosaur! Or a mouse!  
Together is the best way to pretend.

Find a way to play together.  
And find a way to share with each other.  
Playing is great,  
Playing together is so much better.  
Find a way to play together.

Each one of us brings our own special gifts,  
That makes us who we are.  
And when we play together, the time we spend is better,  
And more exciting by far.

Find a way to play together.  
And find a way to care for each other.  
Playing is great,  
Playing together is even better.

Find a way to play together!
