Pinkcredible Collage Card

Make a collage for someone you love by gluing or taping various types of materials and paper onto the paper. Use things you find around your home like construction paper, magazines and newspaper, beads, buttons, fabric, and photos.

Think about who the card is for and what they love. What is their favorite color? What activities do they like to do? Do they have a favorite plant or animal? Try adding these things to the collage!

You're pinkcredible!
